CURRICULUM SNAPSHOT

**Design Studio guides students through a creative problem-solving process** to help them devise innovative solutions to specific sustainability challenges, such as reducing campus energy consumption, improving public transportation, and increasing community access to healthy food.

Design Studio includes:

- **Comprehensive facilitator’s guide** that introduce teachers to design-thinking methodologies and offers suggestions for how those methods can be used to further classroom instruction
- **6 learning modules** structured around design-thinking methods to help students tackle real-world challenges and devise innovative solutions
- **40+ interactive activities** teachers can pick and choose from to support students in their inquiry-based explorations
- **Student worksheets and examples** for easy classroom use

**The Design Studio Process:**

1. **IDENTIFY**
2. **EXPLORE**
3. **CREATE**
4. **REFINE**
5. **SHARE**
